STANDING TABLES

General Terms and Conditions

1. Conclusion of contract

- 1.1 The following "General Terms and Conditions of Business and Hire" of FAIRNET GmbH apply to all service and hire contracts. Customers' own terms and conditions which contradict these terms and conditions are disallowed. Any modifications or supplementary agreements shall apply only after confirmation has been given in writing by FAIRNET GmbH.
- 1.2 All orders must be made in writing. All orders received by the proper deadline will be confirmed by FAIRNET GmbH in writing at least four weeks before the start of the event. If the customer has not received confirmation in writing from FAIRNET GmbH four weeks before the start of the event, he/she must inform FAIRNET GmbH immediately.

2. Manner of transfer for use

- 2.1 The customer is aware that as a rule all items for hire are used for exhibition purposes on several occasions and are therefore not always as new.
- 2.2 Items for hire are made available only for the sole use of the customer for the agreed purpose at the agreed location and for the duration of the event. The transfer of hired items to third parties is not permitted.
- 2.3 All plans, drafts, drawings, assembly and installation documentation and all rights to these shall remain the property of FAIRNET GmbH, even when they have been handed over to the customer.
- 2.4 On delivery of the hired items the customer must check that they are in good condition, roadworthy and complete.
- 2.5 The customer must give a receipt for the provision of the service/receipt of the hired items. At the time of handover/receipt he/she must give notice in writing of any faults found at this juncture. If he/she fails to do this, the service provided/hired items shall be deemed to be free of defects. This shall also apply to defects which the customer could have found if he/she had acted more in accordance with the regulations. For the rest, complaints regarding services must be made immediately.
- 2.6 Orders which have been received by FAIRNET GmbH before the proper deadline will be supplied in good time so that the service/hired item is available before the start of the event.
- 2.7 If the exhibition stand is not manned at the time of delivery, a proper transfer of the hired items shall be deemed to have taken place if the items are left on the stand.
- 2.8 There is no obligation on the part of FAIRNET GmbH to check that the person on the stand to which the items are delivered is authorised to accept them.
- 2.9 Confirmation in writing from FAIRNET GmbH is expressly required in order for delivery times and special requests to become effective.

3. Liability for defects

- 3.1 The rights of the customer with regard to defects presuppose that the customer has fulfilled in a proper manner his/her obligations with regard to checking and registering a complaint as per § 377 of the Commercial Code (HGB).
- 3.2 If there is a defect in the service/hired item, FAIRNET GmbH is entitled to fulfil the order subsequently either by making good the defect or by supplying a new service/replacement hired item which is free of defects, at the company's discretion. The provision of a new hired item is excluded if the defective hired item has already been used. The costs of making good the defect will be borne by FAIRNET GmbH.
- 3.3 The limitation period for claims arising from a defect is 12 months, calculated from the date of acceptance of the service/receipt of the hired item.

4. Prices

- 4.1 The prices as stated in the price lists are net. VAT will be charged at the current rate. The prices apply for the duration of the event.
- 4.2 The price includes the costs of transport to and from the Exhibition Centre and of any assembly or dismantling which may be necessary, unless these costs are shown separately.

5. Deviations from the details given in the catalogue

- 5.1 All dimensions given in the catalogue are approximate. FAIRNET GmbH reserves the right to supply hired items which vary in size, shape and colour from the items ordered insofar as this is reasonable for the hirer. The items supplied must be of an equivalent or better type.

6. Terms of payment

- 6.1 Invoices issued by FAIRNET GmbH are due for payment within eight days from the date of invoice. Irrespective of this, FAIRNET GmbH reserves the right to present invoices during the trade fair which are to be paid immediately by cash, non-negotiable cheque, Eurocheque card or credit card. Collection will be made by authorised representatives of FAIRNET GmbH. If payment is delayed, it is the responsibility of the exhibitor to prove that he/she received the invoice late.
- 6.2 Payment of invoices should be made by bank transfer into the account named on the invoice, without any deduction and quoting the customer and invoice numbers. If invoices are sent on the instruction of the customer to a third party, the customer nevertheless remains liable for payment.
- 6.3 If the order transaction takes place within an event organised by FAIRNET GmbH and the customer does not pay/does not pay in due time, he/she shall forfeit his/her right to participate in the event, regardless of the continued obligation on him/her to pay. If the customer is a dealer, interest is payable as from the due date at a rate of eight percentage points p.a. above the effective base lending rate. Interest on arrears at the statutory rate is payable from the date of default.
- 6.4 FAIRNET GmbH may withdraw from the agreement in the event of default in payments on the part of the customer and may claim compensatory damages for non-fulfilment as well as damages caused by default.
- 6.5 Orders which are received by FAIRNET GmbH within four weeks of the start of an event will only be accepted with payment in advance (a cheque should be enclosed with the order).
- 6.6 FAIRNET GmbH is entitled to impose dunning charges to a maximum of 15 EUR for out-of-court warnings issued to the customer.
- 6.7 If the customer is a dealer, the exercising of a right to withhold performance or right of retention is excluded. He/she may only set off such counterclaims against the claims of FAIRNET GmbH as have either been established by the force of law or are not contested by FAIRNET GmbH. In any event

7. Delay in taking delivery on the part of the customer

- 7.1 If there is a delay on the part of the customer in accepting delivery, he/she nevertheless remains under an obligation to pay.
- 7.2 For the rest, in the event of delay in accepting delivery the customer is under an obligation to make good any loss to FAIRNET GmbH arising from this. FAIRNET GmbH reserves the right to make further claims.

8. Liability on the part of the hirer

- 8.1 The customer is liable for damage to and loss of the items supplied to him/her. His/her own fault shall be on the same footing as that of the other persons employed in performing the obligation for which he is vicariously liable or that of his vicarious agents, relations and mandatees.
- 8.2 Hired items which are damaged or broken or lost will be repaired or replaced by FAIRNET GmbH at the customer's expense at cost price.
- 8.3 FAIRNET GmbH must be notified immediately of any damage. It is recommended that an exhibitor's insurance policy should be taken out for hired items. In particular FAIRNET GmbH stresses the risk of theft.
- 8.4 The customer is under an obligation to handle hired items with care. Hired items may not be glued, nailed, painted or otherwise damaged. Without the prior consent of FAIRNET GmbH, the hirer is not entitled to make any modifications to the items supplied. Identification marks may not be removed by the hirer.
- 8.5 The customer must make hired items available for collection immediately after the end of the event.
- 8.6 If the customer delays the return of hired items, FAIRNET GmbH shall be entitled to prepare these items for removal at the cost and risk of the hirer. It will be presupposed that the hirer consents to this being done.
- 8.7 Any defects noted by FAIRNET GmbH in the hired items when they are returned will be notified to the hirer immediately. If the hirer does not object in writing within one week of receipt of the report, the observations will be regarded as having been accepted.

9. Liability on the part of FAIRNET GmbH

- 9.1 FAIRNET GmbH shall be liable in accordance with the statutory regulations. In the event of minor negligence FAIRNET GmbH shall only be liable if important contractual obligations (cardinal obligations) are infringed and only for damages which are of a contractual nature and foreseeable. Liability for personal damages and in accordance with the Product Liability Act shall remain unaffected.

10. Final clauses

- 10.1 In the event of individual provisions or clauses being ineffective, the effectiveness of the "General Terms and Conditions of Business and Hire" shall remain unaffected.
- 10.2 The German version of these "General Terms and Conditions of Business and Hire" is the sole legally binding version. All agreements, authorisations and verbal collateral agreements require the written form to become effective. This shall also apply to any change in the preceding sentence.
- 10.3 The law of the Federal Republic of Germany shall apply. The application of the provisions of the international law on sales (CISG) to this contract is excluded.
- 10.4 Claims for compensation on the part of FAIRNET GmbH on account of modifications made to or deterioration of the hired items shall become barred by the Statute of Limitations one year from the date on which the hired items are returned to and received by FAIRNET GmbH. Before the items are returned, claims for compensation of this type shall become statute-barred only 30 years from the date on which they arise.
- 10.5 If the customer does not give FAIRNET GmbH his/her new address and if FAIRNET GmbH is also unable to ascertain this by a search of appropriate addresses, the limitation shall be suspended. FAIRNET GmbH must repeat the search for the address after approximately one, two and four years. The duration of the limitation shall amount to a maximum of five years. The customer shall be obliged to bear the cost of the search(es).
- 10.6 The place of performance and jurisdictional venue for all mutual obligations, including all payment obligations, is Leipzig, insofar as this concerns in the case of a party to the contract a dealer or a corporate body in public law, separate property under public law, or if the principal place of business or general jurisdictional venue of the party to the contract is not in the Federal Republic of Germany. In addition FAIRNET GmbH has the right to take all necessary legal steps or proceedings before the court which has jurisdiction for the customer's principal place of business if such action is deemed by FAIRNET GmbH to be necessary or desirable. In any event the customer shall bear the costs of the enforced collection of the debts due before the court (information agencies, debt collection companies, lawyers). If and insofar as the customer is defeated in a lawsuit, he/she shall bear the cost of the legal proceedings and any necessary legal representation, in particular lawyers, tribunals, experts and witnesses.
- 10.7 Within the limitations of the Data Protection Act FAIRNET GmbH is entitled to store electronically the data relating to the customer for automatic processing and, insofar as is necessary or expedient for the fulfilment of the contract, to pass it on to third parties. The customer hereby gives his/her express consent to this.
- 10.8 FAIRNET GmbH and the customer are under an obligation to keep confidential all information on personal data which becomes known to them, their employees or third parties mandated by them for the fulfilment of the contract. FAIRNET GmbH and the customer will not use or utilise this information on personal data in any form except for the fulfilment of the contract. FAIRNET GmbH and the customer will carry out all their obligations arising from the German Federal Data Protection Act and will place their employees and mandated third parties under a corresponding obligation. This obligation will continue to apply after the termination of the contractual relationship, the setting off against future claims or claims which are not of the same type on the part of FAIRNET GmbH or utilising of rights of retention by the customer is inadmissible if these are not based upon this contractual relationship.
